

# Haywood Place

700 Block of Bloodworth Street

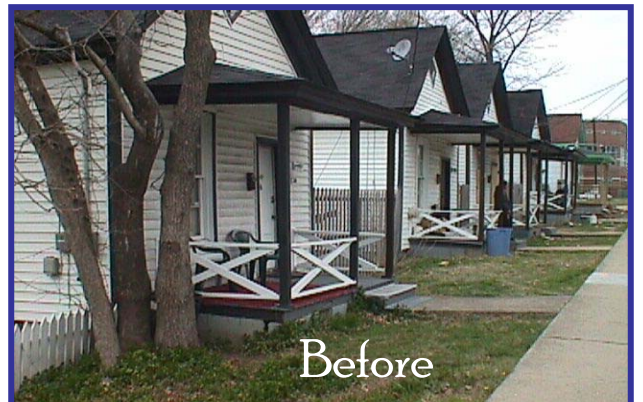

Haywood Place  
This 15 lot single family detached homeownership development is being developed and sold by R. D. Construction, Inc. which bought the land from the City. The project is in a national historic district and the new houses were designed to fit into the surrounding neighborhood.

To date, all of the houses have been sold to the new home buyers of which at least 70% are qualified as low and moderate income households. The homes average 1,200 square feet with an average price of \$137,317.
